

Holderness Central School

Celebrating the Town Of Holderness 250th Anniversary

Holderness Central School is happy to be a part of the town's 250th celebration and is planning to take part in festivities. In anticipation for the events this summer the students are currently designing a t-shirt logo that will be chosen to represent the 250th celebration. The school will participate in the parade this summer, with all participants wearing the t-shirt designed by an HCS student. We will be asking our students, faculty and staff to participate by marching as a school group in August. As we begin the 2011/12 school year Holderness Central School will once again support and host The Artist in Residence Program. This very special opportunity occurs every three years in middle school and HCS will honor the town by writing, producing and showcasing the Town of Holderness as the theme. The performance slated for September 23rd will be the culminating event honoring the Town of Holderness.
